PERMANENT ADDRESS

4-62/1, N.K.P Road, Kusumanchi (V&M), Khammam (District), Pin code: 507159, Telangana, India.

OBJECTIVE

Innovative Front End Developer with 1.10+ years of experience building and maintaining responsive websites. Proficient in HTML5, CSS3, SCSS, JavaScript, React, Redux. Upskilling myself to grow as a MERN stack developer soon, so as I could built complete website myself which is fully responsive and mobile friendly.

PROFESSIONAL EXPERIENCE

Systems Engineer in Infosys, (July 2021 – May 2023)

Front End Web Developer – (1.10 years)

- Worked on technologies such as HTML5, HTL-Sightly, CSS, JavaScript for developing AEM components and managed content on websites.
- Involved in technical tasks for creating several websites such as development, enhancement and maintenance of the sites.
- Created new features, functionality and capabilities on the eCommerce sites using JavaScript.
- Developed responsive and mobile friendly webpages and fixed styling issue for multiple components in several webpages.
- Developed react components such as Carousel card, Search bar to fetch data from API and FAQ Component for the obtained designs from Figma by UI team.
- Worked with version control systems like Git to manage code and collaborate with other developers
- Collaborated with back-end developers to ensure seamless integration of front-end and back-end functionality.
- Implemented best practices for SEO and web analytics by implementing lazy loading of images, minification of scripts, relying on caching etc to reduce the load time.
- Familiar with Agile methodologies, Scrum and Jira to effectively manage projects.

React and JavaScript Developer

To keep up-to-date with emerging trends and technologies in front-end development, I have been building personal projects myself in React JS.

- Built projects using HTML5, CSS3, SCSS, JavaScript, React JS, Firebase, Redux.
